Author Biographies

Roshan Binoj is pursuing his B.Tech degree in Computer Science and Engineering at the Indian Institute of Information Technology (IIIT) Kottayam, Kerala, India. His research focuses on computer vision, deep learning, vision transformers, and real-time edge driver assistance systems. (Email: roshan23bcs9@iiitkottayam.ac.in)

Mohammed Sirajudheen is pursuing his B.Tech degree in Computer Science and Engineering at the Indian Institute of Information Technology (IIIT) Kottayam, Kerala, India. His research interests encompass intelligent transportation systems, temporal attention mechanisms, and vehicular telematics. (Email: mohamme23bcs132@iiitkottayam.ac.in)

Hafiz Feroze Vellukuzhi is pursuing his B.Tech degree in Computer Science and Engineering at the Indian Institute of Information Technology (IIIT) Kottayam, Kerala, India. His academic interests include physics-informed machine learning, trajectory validation, and autonomous vehicle safety controllers. (Email: hafiz23b6@iiitkottayam.ac.in)

Vishwanath Darur is pursuing his B.Tech degree in Computer Science and Engineering at the Indian Institute of Information Technology (IIIT) Kottayam, Kerala, India. His research interests include embedded machine learning, model optimization, and Advanced Driver Assistance Systems (ADAS). (Email: vishwan23bcs57@iiitkottayam.ac.in)
